

Visions Physical Therapy prides itself in meeting the needs of the patient. Over the years, we have provided physical therapy services to a large number of people with a variety of problems limiting functionality. It is our primary goal to assist all of our patients in the highest quality of health care therapy services. We have recently extended our services to include the occupational and speech therapy sectors.

The VISIONS VIEW

MISSION STATEMENT

Visions Physical Therapy exists to help people in need of physical therapy return to or improve their functional mobility thereby improving their quality of life. It is our endeavor to meet those needs through physical therapy, education and maintaining an atmosphere conducive to healing. Visions Physical Therapy stands on the principles that all men (and all patients) were created equal and should be treated as such regardless of race, creed, color, financial or social standing, or religious affiliation.

FROM THE MANAGER'S DESK

We at Visions Physical Therapy are pleased to serve you. It is my greatest desire to make certain you receive the greatest quality in health care. The quality you deserve.

Terrence Kendrick
General Manager

FITNESS THOUGHT

Make it a daily challenge to find ways to move your body. Climb stairs if given a choice between that and escalators or elevators. Walk your dog; chase your kids; toss balls with friends, mow the law. Anything that moves your limbs is not only a fitness tool, it's a **stress buster**.

*"Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth."
-3 John 1:2*

IN THE KNOW

•This past Christmas Season Visions Physical Therapy participated in the Salvation Army's Adopt A Family Program. We were ecstatic that we had the opportunity to help a family in need in our local community. We are looking forward to this annual program in years to come. Pictured are Nikki Bailey and Darlene Hydrick from the Lakeland Clinic purchasing gifts for the program.

•Visions Physical Therapy opened a new clinic on January 12, 2009 in Jackson, MS. The clinic is located at 4700 Robinson Road, Suite 650. The newly renovated space is ready to serve you with the latest models in new exercise equipment and amenities.

•We are currently underway in developing the new company website—www.visionspt.com. Doctors will have the ability to print patient referral forms over the web, which will streamline and improve our services.

THERAPY 101

What is the Role of a Physical Therapist— Physical therapists help people with orthopedic conditions such as low back pain or osteoporosis; joint and soft tissue injuries such as fractures and dislocations; neurologic conditions such as stroke, traumatic brain injury, or Parkinson's disease; connective tissue injuries such as burns or wounds; cardiopulmonary and circulatory conditions such as congestive heart failure and chronic obstructive pulmonary disease; and workplace injuries including repetitive stress disorders and sports injuries.
